## District News

From Our Correspondents

### KIRKCALDY

Mr. and Mrs. Wayne Anderson and family are spending a week at Spokane, Wash., with the latter's parents, Mr. and Mrs. Hutt.

Owing to the inclement weather and several cases of measles the school weiner roast which was to be held last Friday was cancelled.

Mr. and Mrs. R. Knudson and son left this week for two weeks holiday in B.C.

Don Mallory, who has been finishing his Grade 12 in Calgary, returned home over the weekend.

Mr. and Mrs. Doug Wilson and family were Calgary visitors recently.

### ENSIGN

Mr. and Mrs. Ken Roberts and family and Mr. and Mrs. Allan and family of Salt Lake City, Utah, were weekend visitors at the home of Mr. and Mrs. George Eamor.

Mr. and Mrs. G. Eamor and Madeline Eamor of Ensign and Shirley Hill, Gail Atkinson and Mr. and Mrs. Lucas of Vulcan attended the Gene Krupa and Duke Ellington dances in Calgary last week.

James O'Dwyer was a Calgary visitor during the week.

Mrs. Jack McFadden is visiting friends at Salmon Arm, B.C., for a week.

Miss Mallenburgh and Charlie Campbell spent the weekend with Mr. and Mrs. G. Eamor.

A surprise party for Mrs. Pasemore was held in her home after school recently when a few of the ladies of Ensign met. A dainty lunch was served by Miss Pat McFadden, Mrs. B. Penstock and Mrs. E. Carr, and Mrs. Pasemore was presented towel. Mrs. Pasemore is moving to Calgary.

Floyd Penstock has returned home after attending school in Lacombe.

A school picnic was held at the Ensign school grounds on June 28, with a good attendance. There were races for young and old and novelty races included a jockey race, ladies' nail driving contest and baby bottle race. Prizes were given for all four decorated bicycles. A delicious supper was served by the ladies and two ball games were played after supper.

Mrs. L. Poloky won the quilt raffled by the Junior Red Cross.

### EASTWAY

Mr. and Mrs. W. M. Marshall had a pleasant surprise on Monday when Mr. and Mrs. Ethridge from Rossland, B.C., paid them an unexpected visit. The two families are old friends.

Mrs. Rita and Marion Baldwin spent the weekend at the home of their parents, Mr. and Mrs. P. Baldwin. They were accompanied by several friends from Calgary.

Mr. and Mrs. W. McMullen, Jr., and family left on Monday for B.C. and the U.S., where they will spend several weeks.

Another landmark was changed when the old Buffalo school was moved into Arrowwood on Monday. It will be used as a workshop for the Arrowwood school.

Mr. and Mrs. Gordon Laycraft and family left on Monday for Banff, where they will spend several weeks.

Hirst Goldthorpe has recently bought the Chet Wallace ranch at Priddis and the Goldthorpes will move to their new home sometime this week. Mr. and Mrs. Whelens of Blackie paid the Goldthorpe family a

## The Climbing Family Budget

If prices are uncontrolled, the cost of living might well rise 50 per cent in a single year. This is the opinion of Paul Porter, United States price administrator.

Mr. Porter took the budget of a family spending \$2,500 a year. Of this about \$1,000 goes for food, \$350 for clothing, \$500 for rent, and \$650 for other goods and services. If controls were removed, Mr. Porter says, the typical family would have to spend \$250 a year more for food than it now spends, \$150 more for clothing, \$250 more for rent, and \$300 more for miscellaneous expenses. It would require \$3,450 to maintain the standard of living which is now maintained with \$2,500.

Considering the increase in prices already recorded, Mr. Porter calculated that a doubling of the present price level would mean that the things which a dollar bought on September 1st, 1939, would cost \$2.00. To put it another way, the dollar's 1939 purchasing power would have shrunk to 38c. The dollar which the family had had for its old age in cash or insurance would be worth little more than one-third.—Brook's Bulletin.

parture.

Mr. and Mrs. Bill Holton and daughter attended the Mile school picnic at Cluny bridge on July 1 and report an enjoyable time.

Dave Lewis and Seibert Johnson journeyed to Calgary on Monday.

The ladies of the Eastway Social Club met at the home of Mrs. W. N. Marshall on Friday. After the business meeting everyone took part in a contest, writing paragraphs on "Why there are so many brides in June." Mrs. Dave Lewis was the winner and Mrs. Howard Tharle won the raffle. The next meeting will be at the home of Mrs. R. N. Hill on August 1.

### BERRYWATER

Miss Betty Smith of Calgary spent the long weekend at the home of her parents, Mr. and Mrs. D. B. Smith.

Mrs. Sinclair and daughter, Jessie, are holidaying at the home of Mr. and Mrs. Walter Sinclair at Vancouver, B.C.

Mr. and Mrs. H. C. Douglass, Mr. and Mrs. W. Oldfield and Allan Smith motored to High River on Saturday to attend the U.F.A. constituency convention.

Mr. Bill Pope is a guest at the H. C. Douglass home this week. Mr. John McKenzie has returned to the district after a three-week visit with relatives in Calgary.

Mr. and Mrs. P. Myers and daughter, Mrs. W. Osnes of Tacoma, Wash., were Sunday guests at the A. McIntyre home.

Mr. and Mrs. Lloyd Munson and Harold were Calgary visitors last week.

Miss Eileen Speer of Calgary spent the holiday weekend at her home in the district.

Mr. and Mrs. Lorne Healy and family accompanied by Mr. and Mrs. J. McRoberts were guests at the Clarence Mote home at Parkland on Sunday.

Mrs. L. Palmer left on Sunday to join her husband at Raymond for the stampede there. Mr. Palmer was successful in winning 2nd prize for steer decorating; 3rd in bare-back riding, and 3rd in steer riding at Claresholm on Wednesday.

Orville Speer took 2nd in steer decorating at the Macleod stampede on Saturday.

Mr. and Mrs. W. Speer and Wineva, and Mr. and Mrs. R. Adam and Norma attended the Claresholm stampede on Wednesday.

The Council of Canadian Beef Producers has been organized at Winnipeg, for better production, higher consumption, and a united voice for producers. Of the 22 directors, 12 represent producers, 4 the marketers, 3 the packers, and 3 the retailers.

JESSICA ALLEN, of Montreal, is a woman who can go into almost every Canadian city and call the Mayor by his first name. She enjoys this privilege through her unique office as executive director of the Canadian Federation of Mayors and Municipalities. She has held this post since 1944 and before then had been secretary of the Federation since its inception in 1937.

## Miss Ruth Hansell Weds Mr. W. Bodie

At a twilight ceremony at the Tuxedo Church of Christ, June 22nd, Elsie Ruth, daughter of Mr. E. G. Hansell, M.P., and Mrs. Hansell of Vulcan, became the bride of PO Wolfred Bodie, D.F.C., son of Mr. and Mrs. J. M. Bodie of Calgary.

Mr. E. G. Hansell, M.P., father of the bride, performed the ceremony before an altar banked with lilacs, iris and ferns.

The bride was given in marriage by her step-brother, Howard Langille. She wore a gown of white satin and lace with floor-length veil caught back with a coronet of red roses and carried a bouquet of deep red roses.

Miss Marjorie Sygne was maid-of-honor in a pastel pink lace gown and Miss Mary Spaeth, bridesmaid in a pastel blue lace gown. They carried matching bouquets of gladioli. Little Betty Hansell, sister of the bride, was flower-girl gowning in pale yellow and carrying a small bouquet of sweet peas and roses.

The groom was attended by his brother, Norman. The guests were ushered by PePry Dickieson and Frank Bodie. During the signing of the register George Chapman sang "O Promise Me"; accompanied by Mrs. Watson Bodie, who also played the wedding music.

A reception for 90 guests was held at the Palliser Hotel. Receiving the bridal party the bride's mother wore a floor-length gown of pale blue sheer and a corsage of pink roses while the groom's mother was dressed in a floor-length gown of black crepe with gold accessories and a corsage of red roses.

A three-tiered wedding cake flanked by vases of carnations and tall pink and white candles in silver holders centred the brides' table.

A toast to the bride and groom was proposed by George Chapman; to the bridesmaids and flower-girl by Mr. E. E. Breckenridge; and to the parents of the bride and groom by Dr. C. H. Phillips.

Miss Mary Spaeth and Mr. George Chapman each sang solos during the reception. Little Billy Hansell, brother of the bride, gave a piano solo. Mr. Norman Bodie was master-of-ceremonies for the evening.

Mr. and Mrs. Bodie left later for a honeymoon at Banff and will make their home in Calgary on their return. For travelling the bride changed to a dressmaker suit of light grey with black accessories. Her corsage was of yellow roses.

Fresh meat has become almost unobtainable in many parts of U.

## Champion Wins Ball Tournney At Elks' July 1st Celebration

Top Money in Baseball and Softball Taken by Teams from Southern Town

Perfect weather greeted the large crowd which attended the Elks' annual celebration at Vulcan on Monday, July 1st.

Feature of the day, the baseball tournament, was won by champion, the visitors taking the final game in the 12-inning tussle against Vulcan.

In the first game of the day, Champion eliminated Barons in a decisive manner, the final score being 8-0. Siler of Champion pitched a fine game and was given good support and the shutout was well earned. Line-ups were: Barons—Sherwood, Plourd, Hodgson, Sherwood, Aspland, Owsley, Norlickson, Hood, Affel, Champion—H. Hagg, L. Hagg, Fath, Rhodes, Watts, Bousyan, S. Pasolli, L. Pasolli, Siler.

The second game saw Vulcan run wild against Queenstown, scoring 19 runs to Queenstown's 5. Fisher was the Vulcan pitcher, with Spaeth and Matlock sharing the catching duties. Line-ups were: Queenstown—L. Shultz, Forsberg, R. Clemons, McCallum, Prentice, Smith, Webber, L. Clemons, Kingsmith. Vulcan—Clark, Dann, Jantzie, Clarkson, Campbell, Fisher, Johnston, Marshall, Spaeth, Matlock.

The final game, between Vulcan and Champion, was a real pitcher's duel, with both teams playing fine ball. Champion was leading in the seventh inning when Dann of Vulcan scored a home run to tie things up. The game remained tied at three all until the twelfth inning when, with three men on base, Fred Watts of Champion hit a double that scored the three runners and ended the ball game. Champion winning by a final score of 7-3. Bob Willard, pitching for Vulcan, made 15 strike-outs in this game, and Siler of Champion also did a fine mound job.

The girls' softball tournament attracted a good crowd of spectators. The Champion team defeated Vulcan and Carman-gay to take the honors and make it a clean sweep for the southern town.

Bicycle races, foot races, jumping and other sports provided amusement and competition for the younger people and the soft drink, ice cream and hamburger stands did a rushing business all day.

Net proceeds of the celebration will be donated by the Elks to the Memorial Swimming Pool fund. The dance at night, also sponsored by the Elks, as well attended. Music was by the Merry-makers.

Mrs. Eamor left recently for a visit at Vancouver. She was accompanied by Mrs. Sinclair and daughter Jessie.

### UP TO PREMIER DREW

The premier of Ontario now affirms that "agreement can be reached between the Dominion and the provinces"—but agreement never will be reached, with Ontario included, as long as the premier of Ontario "clings tenaciously" to a position he assumed while the conference was in progress. If the government of Ontario really wants an agreement it will have to understand that any agreement will have to be based on the principle of the greatest good to be the greatest number.—Halifax Herald.

### THE NEW AGE

The trouble with the schools today is that the teachers are afraid of the principals; the principals are afraid of the superintendent; the superintendent is afraid of the school board; the school board is afraid of the parents; the parents are afraid of the children; and the children are afraid of nobody.

## Regular Meeting Ladies' Auxiliary

The regular meeting of the Ladies' Auxiliary to the Canadian Legion was held in the hall on Thursday evening, with a fair turnout of members. Minutes of the previous meeting were read and approved. A letter of appreciation was read from Mrs. Margaret Dexter, provincial secretary, for a donation of \$5.00 sent to her to be used for the comfort of disabled veterans. Her letter said that she had taken the liberty of using the money to provide some extras for a few of the 80 men confined to the Alberta San. A further donation was voted to Mrs. Dexter to be used similarly. It was decided that the Auxiliary would provide a wreath to be used in the dedication ceremony at the unveiling of the Memorial at the swimming pool.

A committee to attend to buying and outlining plans for the concession at the Lions two-day rodeo on July 23rd and 24th was appointed. A lengthy discussion took place on what to serve and details as to allotting time to the different members, for work. The meeting closed with the singing of God Save the King.

## Findlay-Bateman Wedding at Calgary

A quiet wedding of interest in the Vulcan and Trochu districts was solemnized in the L.D.S. Chapel, Calgary, on Saturday, June 9th, at 4 p.m., when Lola Rose, younger daughter of Mr. and Mrs. Joseph William Bateman, of Vulcan, was united in holy matrimony to Jack Landy Findlay, third son of Mr. and Mrs. John Andrew Findlay, of Trochu, Bishop Ursenbach officiating.

The bride was charming in a pale green dressmaker suit with white accessories and wore a corsage of Talsiman roses. Her only ornament was gold ear rings, a gift of the groom.

The bridesmaid, Miss Lillian Findlay, of Victoria, B.C., sister of the groom, chose a pink crepe afternoon dress and wore a corsage of pink and white carnations. She also wore gold ear rings, a gift of the groom.

John A. Kletzky, of Calgary, supported the groom.

The bride's mother wore a two piece pale blue afternoon dress and wore a corsage of red roses.

The mother of the groom was attired in a navy blue crepe afternoon dress with sequins and wore a corsage of red roses.

A reception attended by twenty members of the immediate families followed in the Brentwood Room in the Empress Hotel.

A beautiful three-tiered wedding cake, topped by a miniature bride and groom centred the festive board. The table was adorned by bouquets of carnations and slim white tapers.

Bishop Ursenbach proposed the toast to the bride, to which the groom fittingly responded.

Mrs. E. Nelson, sister of the bride, held "open house" following the reception.

The happy couple left by car the following day for a two week honeymoon at Pine Lake, Banff and Waterton.

Mr. and Mrs. Harry Adams and Mrs. Bertha Brown, accompanied by Mr. Cangeiser of Calgary, recently returned from a vacation trip to B.C., Idaho, Washington

## Tribute to Armada School Teacher

A very delightful evening was recently spent at the Armada hall. Sketches, singing and dramatics were rendered by the pupils of the junior school under the tutelage and direction of their teacher, Miss Maxine Sutherland, who also rendered a solo that was very warmly applauded. The costumes, singing and acting of the pupils was excellent and was a fine tribute to Miss Sutherland, who has trained her pupils in the short five months she has been teaching at Armada. A collection was taken in aid of the Junior Red Cross Society.

W. H. Howell, member of the Taber Large School Division, No. 6, writes: "On behalf of the Taber School Division, the Armada Local School Board and the parents and residents of Armada, I wish to extend many thanks to Miss Sutherland, who accomplished such wonderful results in such a short time of training, and we hope to see her back teaching in Armada next term. However, should she not be with us next term, I join with the people of Armada in wishing her the best of good luck, success and happiness, and thank her for the interest she has shown in her pupils."

## News From CHAMPION

Fred Clever is expected to arrive home this week after visiting in Los Angeles, Calif., for the past three weeks.

U. S. Alexander visited at his farm at Retlaw last Sunday and reports an especially fine stand of rye.

Miss Rita Cemulini of Calgary is spending the latter part of her holidays here with her mother, Mrs. M. Cemulini. She spent the first week at Jasper, where she had the pleasure of meeting Bing Crosby and other members of the company, and was a guest "on location" for a day.

Mrs. F. Clever and Mr. and Mrs. W. McIntyre were Stately visitors on Sunday at the home of Mr. and Mrs. W. Bulman.

Mrs. Andrew Anderson and daughter Marilyn of Lethbridge were week-end guests at the home of the former's parents, Mr. and Mrs. G. Campbell.

Mr. and Mrs. C. G. Miller had as their house guest for a few days this week Mrs. A. F. Russell of Calgary. Their daughter, Misses Frances and Margaret of Lethbridge were also week-end visitors.

Mr. and Mrs. George Smith accompanied their small son Douglas as far as Calgary, where he entrained for Yoho, B.C. to vacation with Mr. and Mrs. J. Morrissey for two weeks.

Miss Edith Mae Miller has returned to Lethbridge after spending a two week vacation at her home here.

Friends of Mrs. William McRae formerly of Champion, but now of Calgary, will regret to learn of the death of her sister, Miss Catharine Henderson in Calgary last Sunday.

Mrs. A. Miller is visiting in Calgary this week.

George Hummel has returned home after spending a week in Calgary.

Sam Shagerman of Calgary spent the weekend at his home here.

Mrs. C. Anderson of Lethbridge, spent the holiday at her farm here. Mrs. L. E. Bulman of Bellingham, Wash., arrived by plane this week to spend the summer with her daughter and son-in-law Mr. and Mrs. W. McIntyre.

W. Christenson took delivery of his new plane at Calgary on Saturday. Bill is "up in the air" most of the time these days.

A large number of Champinites motored to Vulcan on July 1st and enjoyed a very fine day of sports. The funeral of the late Mrs. Sadie Stevenson, wife of J. T. Stephenson, was held from the United church on Tuesday. The Chamon Chapter of the O.E.S. had charge of the service and the Rev. Peter Dawson officiated.

Ducks Unlimited has forty new projects in view on the prairie to

### COSTS MORE TO RETIRE NOW

UNTIL a few years ago scores of thousands of Canadians could contemplate secure retirement on life savings of \$10,000 to \$20,000. A farmer could sell his farm, or a small merchant his store,

invest the proceeds at 6% and this income plus that from what he had already saved would allow him to live in comfort the rest of his days.

He can't do that now and with interest rates still declining he will be in greater difficulties tomorrow. Twenty thousand dollars invested in good securities gave a man an income of about \$100 per month before the war. To get the same income now requires an investment of \$40,000.

In the meantime those planning retirement face a double squeeze. The tremendous increase in income tax makes it more difficult to accumulate savings and the sharp rise in the cost of living makes a greater income from those savings necessary.

Hardest hit is the middle class, farmers, small businessmen and salaried people. With their own security plans menaced by high taxes and low interest, they are asked to contribute the bulk of the billion dollars a year Ottawa is now spending on social legislation largely to benefit somebody else.—Financial Post.

### Income Tax Cut After Jan. 1, 1947

Income tax reductions have not been carried as far as the public had hoped, but Finance Minister Hsley has announced a small decrease, which will not take effect till January, 1947.

Exemptions for single persons are lifted from \$660 to \$750 and for married persons from \$1200 to \$1500. A flat exemption of \$300 is allowed for dependents over 16 years. A flat deduction of \$100 will be allowed for each child eligible for family allowances.

A three-year period has been set for the basis of average farm income. The request to the government has been for a 5-year average period.

Co-operatives will no longer be

exempt from income tax. The government will allow patronage dividends paid in cash—a reduction from taxable income. The new policy is not retroactive so far as the prairie Wheat Pools are concerned, except that tax would have to be paid on 1944 and 1945 patronage dividends.

Other features include—

Corporation tax cut from 40 to 30 percent.

Patronage dividends of co-operatives and similar payments allowed as tax deduction.

Co-operatives starting business after Dec. 31, 1946, given three-year tax exemption.

Mutual fire, casualty and automobile insurance companies subject to tax with dividends deductible.

All children to be classed as family allowance recipients for

personal income tax purposes—effective Jan. 1, 1947.

Federal succession duty rates doubled with provincial taxes allowable as a deduction.

Excess profits tax reduced on income above 116 2/3 percent of standard profits.

Tax exemption to credit unions continued.

Taxation of husband and working wife placed on more equitable basis.

Board of tax appeals to be established to hear appeals from income tax assessments for 1946 and succeeding years.

After January 1, members of the services will be treated for tax purposes as civilians.

#### How It Works

The \$2,250 wage-earner with two children will have to pay \$130 income tax in 1947, but through the year he will receive a total of \$72 for each child—\$144—leaving him \$14 in the clear. At \$2,500 a year, he'd be paying only \$49 when the decks were cleared.

At present, the \$2,500 man with two children pays \$216 income tax and his \$144 family allowance benefits leave him \$72 in the red. At \$2,500, he's paying a net tax of \$132.

#### The Three Year Basis

Referring to the three year period provided for farmers and fishermen, Mr. Hsley said:

"In 1948, all farmers and fishermen who have made returns for 1946 and 1947 will be entitled to average their incomes for the three years 1946, 1947 and 1948 and to pay in respect of 1948, not the tax for that year, but the tax which would have been payable over the three-year period had they earned the average income in each of the three years less the amount of tax actually paid in respect of 1946 and 1947.

#### NEWS OF INTEREST

John Blackmore, M.P., deploras text books which teach that man is descended from the ape and then expect him to act like a man descended from God. He thinks they should be taught that they are sons of God.

Butter coupons R 1 to R 12 are now valid. R 1 to R 9 will expire June 30. Sugar coupons 1 to 16 are now valid. Meat coupons M 1 to M 42 are valid, and M 29 to M 39 expire on June 30.

Canadian Savings bonds have been designed to replace Victory bonds and war savings certificates. They will be issued in varying denominations from \$50 upward and will go on sale this fall.

Gayland Melendy of Carseland was killed on June 21 when the car he was driving was struck by a C.P.R. westbound passenger train. Mr. Melendy had been on an early morning trip to town and apparently failed to notice the oncoming train. He was 60 years of age.

#### CHURCH NOTES

##### THE UNITED CHURCH

11 a.m., July 7, Mr. H. J. Evers of Calgary, formerly of the R.C.A.F., will conduct the service. Everyone cordially welcome. There will be no evening service.

##### ANGELICAN CHURCH

The following list of services will be in effect during the summer months:

St. Aldhelm's, Vulcan  
1st and 3rd Sundays—Holy Communion, 8.30 a.m.; 2nd and 4th Sundays—Holy Communion, 11 a.m. Every Sunday—Evening Prayer and Sermon at 7.30 p.m.

##### Outside Points

Anglican Church Services will be held at 3 p.m. at the following places on Sundays: 1st Sunday—St. John's Church, Lomand; 3rd Sunday—Champion Hall and Emmanuel Church, Carmansay; 4th Sunday—Union Jack School House,

### Pertinent Topics Discussed by H.C.

Speaker Fateaux is being properly censured for rejecting a motion because the handwriting was not to his liking. Many legislators are notoriously poor penmen. The late Senator Joe Cannon was one. It is related that a friend of his said to him, "Joe, I had a devil of a time deciphering that letter of yours. I had a dozen friends help me, and we succeeded at last—all but one word." On being asked what word it was he said that word at the top. Joe exploded: "You damned fool that word is 'Confidential'."

The Chinese Communists are not really Communists, says Lord Iverchapel, the new British Ambassador to Washington. Some Canadian comrades of that ilk are not either. They are Labor Progressive and more incendiary on that account. The Chinese are, however, followers if not fellow-travellers. While Russian armies were leisurely trudging their reluctant way out of Manchuria Chiang Kai Shek and General Marshall must have noted how ready the Chinese Communist army was to occupy the evacuated places.

French Communists may not be the real simon pure either, but they operate none the less obediently and according to pattern. They were not the largest group but by gaining control of labor unions they were able to force their way into the Cabinet by threatening general strikes, unless they were recognized. No matter what they call themselves or what their country, Communists are Russia's Trojan horses. Fred Rose, M.P. protests that he served the Communist cause with out prejudice to Canada. Sentiment toward his native country was as thin and weak as his sworn allegiance to his adopted country. He was having commerce with agents of a country that entered into a murderous, plunderdeal with Germany to dismember his native Poland and reduce her to the truncated condition she is in today. He, a Pole, was working for Stalin who after the rape of Poland telegraphed to Ribbentrop: "The friendship of the peoples of Germany and the Soviet Union, cemented in blood, has every reason to be lasting and firm."

Without culture life is not worth living says Winston Churchill. By the same token without living, culture is not worth having.

This old earth is like some of the inhabitants thereof. It apparently cannot correct any of its own faults without kicking up an ungody fuss and disturbance about it.

There is only one thing wrong with culture. In too many countries which boast their superior brands it deserves to be spelled kultur.

One would think that Germans will avoid dictatorship henceforth when they learn what his doctors say now about Hitler. He was a dyspeptic, a hypochondriac, an insomniac. He hated exercise and was a glutton for patent medicines. Dr. Morell, now a prisoner, says that "daily, with hardly a pause, Hitler's system was flushed with such things as aminobenzolsulfonamide, chinin, amidopyrine, phenyldimethyl-pyrazolon and paraoxyphenylethanolme-thylam.w." Pronouncing them helped his vocabulary and drinking them aided him in inflaming his people with his ravings and screechings.

If a strike ends in the government appointing a controller over the stricken industry the unions cheer it as a victory. The inference must be that they regard the government as "easy," as indeed it is for, unlike private management, it is prone to yield to the pressure of organized votes and does not need to care so much whether or not it makes the business pay. Non-union voters do care, or should, but they are not organized and are seldom vocal and threatening and therefore don't count so much with the vote-seekers.

Because of his feeble and maladroit handling of labor disputes, there is some clamor for the head of Hon. Humphrey Mitchell, and it is not now confined to Labor executives. There is this to be said in his behalf—he got off to a bad start through no fault of his own. The Prime Minister overruled him in a strike which he had declared illegal, and accepted the minority report of the

### CLASSIFIEDS

FOR SALE—Two-wheeled Trailer in good condition. Apply Royce M. Clark, Vulcan. 45-tf-c.

FOR RENT—Small three-roomed house, partly furnished. Apply Mrs. John Lucas, Phone 1712.

trator, Prof. King Gordon, where Mr. Mitchell had accepted the majority report. That ended his influence as a Labor Minister. He should have quit then in protest or asked the P.M. to give him some other portfolio.

When it was announced that no more U.N.R.R.A. goods would be sent to Russia unless she allowed press representatives to inspect distribution, one representative in Congress said the insult to a friendly nation might cost a million American lives. Now, that's the only sort of war talk that is dangerous. It was just such blind, benevolent idiocy that encouraged Hitler to take and pursue the course that Stalin has taken, is still pursuing, and will continue to pursue so long as he can get away with it.

### Reminders To Fishermen

Regulations as to fishing are in order for the season now under way.

Daily catch for all but lake trout is 15 fish. The limit on lake trout is 10 per day.

Fish referred to include steelhead, cutthroat, rainbow, loch levan, kamloops, speckled brown or great lakes trout arctic or montana grayling and rocky mountain whitefish.

Minimum length of fish caught must be eight inches, measuring from the tip of the nose to the centre of the tail. These rules cover all mentioned varieties other than lake trout, which must measure 15 inches. All undersize fish must be taken off the hook with wet hands and returned to the water as carefully as possible.

Every angler over 16 years of age must be the holder of a provincial fishing permit and must carry it on his person when angling.

The use of fish eggs or roe is prohibited. Washing or motor vehicles in any stream frequented by fish is prohibited, as is the depositing of any meat, bones, dead fish or any parts of the same. Many fishermen have the habit of cleaning their catch at the edge of the stream, permitting the refuse to flow away. This is conducive to the spread of disease and is therefore prohibited under the regulations. Anglers are asked to co-operate.

Closed Streams  
Streams closed in the surrounding area include Pine Creek, known also as Dungaron; Ernst Creek; Sharples Creek; all tributaries of Callum Creek, waters running through Hunter Brothers' ranch near Macleod, which are used as rearing ponds. Only the main stream of the Old Man River is open. All unnamed creeks appearing on the map or plan of the Rocky Mountain Forest Reserve and the following streams within the reserve are closed streams: Lynx Creek; all tributaries of the Crow's Nest River with the exception of Allerton and Gold Creek. Daisy, Viceroy and Racehorse Creeks tributaries to the Old Man River; White Creek tributary of the Livestone River; Bruce, Lyndon and Trout creeks tributaries of Willow Creek, the North Fork of Willow Creek and all tributaries of the Highwood rivers are closed to anglers.

Waterton Lakes National Parks fishing regulations are practically the same as the provincial regulations, except that the daily catches vary at different lakes.

Broad scarcity is developing in United States followed by shortage of meat, soap, butter and cooking fats.

Three ministers had their purses stolen at ordination services of the Manitoba Conference of the United Church held in Winnipeg.

There are said to be 30 million Chinese without sufficient food till harvest.

A total of 2000 used military trucks will be released shortly to

#### "Fair" Time on the Prairies

For many years the country fair has been an important feature of rural life in Western Canada. Now that the war is over it will again take its proper place as one of the greatest of all summer attractions for the prairie farmer and his family. This year, as in the past nine years, The North-West Line Elevators Association has prepared an outstanding agricultural exhibit for the fair circuit in Western Canada. Under the direction of Mr. J. Seaton, the exhibit has been artistically designed to feature subjects of universal and current interest to farmers.

The central part of the exhibit portrays the ravages of an important group of plant diseases, namely, the seed-borne diseases of cereal crops. The most destructive of these in Western Canada are the smuts and the seedling blights and root rots. The fact that most seed-borne

## Items From Bob Edwards' Inimitable "Eye Opener"

In the High River Eye Opener of July, 1903, editor Bob Edwards does some quiet boasting about the hay crop, the best in 20 years. But he views all the royal mourning for the King of Serbia with a caustic eye, and is equally unpleasant about the type of governors Britain sends out to the colonies. He foresees that they will bust the Empire wide open some day with their snobbery. He gives an example of a C.P.R. train that was faster than telegraph service, and exposes the "tenement shakedown" used by certain real estate agents of Calgary.

Croquet is much too swift and noisy a game for Okotoks.

James Monkman's haying outfit went out this week to put up hay under contract for William Ward in the foothills.

No man or woman will hesitate to speak well of Chamberlain's live-

er tablets.

George Labelle has been out at Harry Bains' ranch for a couple of weeks erecting a chateau on Bill Morgan's adjoining homestead. The chateau Morgan will soon be the scene of a house warming par excellence.

A fishing quartet drove a few miles up river Tuesday and in no time came home with 56 fine trout. The Astoria continues to do a big business. The trade of the two hotels runs about even. We visit

them at all hours and know.

The Mosquito Creek roundup finished Sunday night. Ed Leslie was out tossing flapjacks for the OC. Mange has pretty well died out on the range.

There hasn't been such a crop of hay as we have this year for the past 20 years. If things pan out as indicated wild land will soon be selling for \$10 to \$12 per acre, with improved farms in proportion.

#### Royal Mourning

We see by the papers that King Edward has ordered the court to go into mourning for a fortnight for the late King Alexander of Serbia. This is a strange proceeding. Alexander was a royal outcast who married a lady of easy virtue and led a life daubed with shame. He was not received by any European courts and was the object of scoffing cheap jokes. Now in death he is glorified, and his royalty is emphasized by the official tears of King Edward and his court. If there can be anything more ridiculous we'd like to hear it, if we could stand it.

#### Chuckle Headed Governors

If England's group of colonies ever get disintegrated it will be due solely to the insufferable snobberies of the chuckle-headed governors they send out. In Canada

it is not so bad. Of course we have had lightweights of the most appalling nature, but nothing quite so stupid as the representatives sent to Bombay, Ceylon, Sierra Leone and such points. Earls and Marquises are passable because they know enough to keep their mouths shut, but heaven save us from the knights. Why do Eton and Harrow produce so many fat-heads? The life of the government set is built round waltzes, afternoon teas and official dinners. Very amusing to the business man. But that should be the limit of official mingling. No butting in to local affairs.

#### C. P. R. Shows Speed

Last Wednesday about 5 p.m. in Calgary a High River man sent a telegram on important business to a merchant in High River. He remained in Calgary all night, and took the train to High River the next morning getting home about 9.30. The telegram which he had sent from Calgary the previous afternoon did not reach High River for several hours after the sender had himself got home. People who naggle and scold about the C.P.R. should ponder on this experience. They should remember in future that one of the passenger-trains beat the magic telegraphic service

by almost a day and a night on a 40 mile stretch. It must have been that famous windsplitter, old Engine 32 that did the trick.

#### Real Estate Tactics

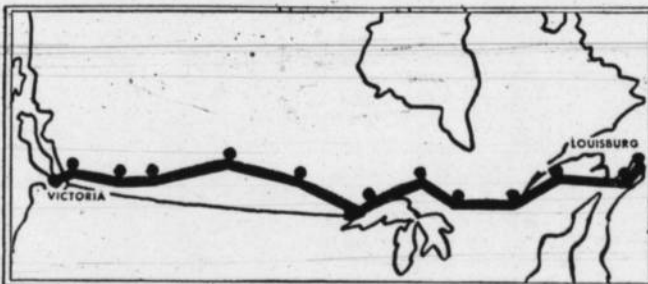

The throbbing city of Calgary continues to give examples of questionable ethics which the small towns would do well to avoid. If you want to make a stake in Calgary, just buy a lot next door to some fine residence and then put on the pressure by threatening to put up a shack. This is called "the tenement shakedown" and is having great vogue. Here is how it goes. Mr. — the great real estate man bought 4 lots adjacent to the fine Hull residence. The market value was about \$600 apiece. But not content to see values rise in the normal way, Mr. — goes to Mr. Hull and mentions casually that he intends to build tenement houses on those lots. Great consternation seizes Mr. Hull and the final result is that he buys those lots for \$5000, though they are really worth only \$2400. Then there is the E. H. Crandell home, a beautiful place with several vacant lots adjoining. Mr. Crandell doesn't want these lots and has refused to buy them. But the trusty old tenement threat forced him to change his mind.

# ANOTHER "FIRST" FOR CHEVROLET

Brigadier R. A. Macfarlane, D.S.O.

## 1946 Stylemaster Sedan Makes First Trans-Canada Trip to Win Todd Medal for Brig. R. A. Macfarlane

DOWN "CANADA'S MAIN STREET"—The Trans-Canada Highway, which links province to province, from sea to sea, and opens the way to a great new era of tourist travel.

Rolling along "Canada's Main Street"—the Trans-Canada Highway—from coast to coast, Brigadier R. A. Macfarlane, D.S.O., at the wheel of a new 1946 Chevrolet Sedan, has just completed the first ocean-to-ocean automobile trip without leaving Canadian soil.

To win the A. E. Todd Gold Medal—offered in 1912 by the Mayor of Victoria—Brig. Macfarlane left Louisbourg, Nova Scotia, with the salt of the Atlantic on his rear wheels, and after nine days of driving he arrived in Victoria, Vancouver Island, B.C., and dipped his front wheels in the Pacific, having covered

**4,743 MILES**

The Chevrolet used was a stock 1946 model powered with a standard six-cylinder valve-in-head engine. It was selected by Brig. Macfarlane—who held the responsible posts of Director of Mechanization and Deputy Master-General of Ordnance, at Defence Headquarters, Ottawa—because he is convinced that a "sturdy, light, economical passenger car is ideal for the average Canadian citizen." With his extensive experience of army vehicles, on the testing grounds and on active service in two wars, Brig. Macfarlane made the new Chevrolet his choice for his history-making trip—another "first" for Chevrolet!

NEARING THE END OF THE TRAIL—J. V. Johnson and George Warren of the Victoria Automobile Club, meet Brigadier Macfarlane and his Chevrolet a few miles outside Victoria and escort him into the City.

THROUGH THE ROCKIES—The Chevrolet spent thrilling hours skirting sheer precipices and climbing high mountain roads before it encountered this quiet little valley in Canada's Rocky Range.

THE AWARD—Winning of the Todd Medal, offered in 1912, became possible with completion of the Trans-Canada Highway. It is now awarded to Brig. R. A. Macfarlane for the first authenticated journey from Louisbourg, Cape Breton, to Victoria, B.C., over a specified all-Canadian route.

THE PACIFIC!—After 4,743 miles of rapid, trouble-free driving, Brigadier Macfarlane and his co-driver dip the front wheels of their Chevrolet in the Pacific Ocean—to win the A. E. Todd Gold Medal.

LUCKY DOG: Who wouldn't lead a dog's life when it means posing like this with movie stars Annabella and Tyrone Power. "Loup Garou" is as proud of this picture as he is of being lead dog on one of the crack sled teams at Lac Beauport, near the Chateau Frontenac at Quebec City, where Annabella and her husband, recently discharged from the U.S. Marine Corps, spent several days.

# SEWER RATES BYLAW AND LOCAL IMPROVEMENT BYLAW

## TOWN OF VULCAN

It is the intention of the Council of the Town of Vulcan to undertake the Local Improvements, as hereafter outlined in Schedule "A." For the amortization of the Local Improvement the users will be charged according to the rates shown in the Sewer Rates By-Law. These Local Improvements are the laterals to the Sewer System and are to be constructed with money borrowed by the Town and secured by the land against which they front. The main sewer lines and the complete Waterworks System are to be constructed by means of money borrowed upon the credit of the Town at large. The plebiscite for the whole Waterworks System, and the Sewer System exclusive of the laterals, will be held at a later date, at which time the assent of two-thirds of the proprietary electors will be required to authorize the Council to proceed with construction.

### — SYNOPSIS —

ESTIMATED ANNUAL REVENUE	
Frontage Tax (22,670 lineal feet)	
@ 10 cents per foot	\$2,267.00
Domestic Services as per sewer rates	2,160.00
Commercial Services as per sewer rates	1,464.00
<b>Total Estimated Annual Revenue</b>	<b>\$5,891.00</b>
ESTIMATED ANNUAL EXPENDITURE	
Operation and Maintenance	\$1,057.00
Depreciation Reserve	464.00
Annual Debt Service Payment (principal and interest)	4,370.00
<b>TOTAL Estimated Annual Expenditure</b>	<b>\$5,891.00</b>

The construction of said proposed sewerage system and disposal plant has been approved provisionally by the Provincial Board of Health under Certificate No. 534.46.

### NOTICE

TAKE NOTICE then that this is a true copy of the proposed Local Improvement By-law No. 192 and unless the majority of the owners of the lands that may be assessed therefor, representing at least one-half in value of the lands thereof as aforesaid, petition the Council against it within two weeks after having been notified by mail, the Council may proceed to pass the By-law provisionally.

W. D. ALLAN, Mayor

C. H. HOSKYN, Secretary-Treasurer.

### BYLAW No. 192

#### BYLAW RE LOCAL IMPROVEMENTS

A BYLAW to authorize the Council of the Town of Vulcan, Alberta, to undertake the making and construction of a common sewer in the Town of Vulcan as a local improvement and to authorize the Council to incur an indebtedness on behalf of the said Town in the sum of \$32,500.00 for the said purpose.

WHEREAS notice of the intention of the Council to undertake the construction as a local improvement of the work hereinafter described has been duly given in publication as required by Section 282 of the Town and Village Act and no petition against the work signed by a majority of the owners representing at least one-half of the value of the lands that may be assessed therefor, has been presented.

AND WHEREAS the total cost of the said undertaking is estimated at \$32,500.00, the whole of which sum shall be payable by way of special assessment.

AND WHEREAS it is expedient that the said sum of \$32,500.00 shall be paid by way of special assessment of the several lands abutting on that portion of the street or place whereon or wherein the said work is constructed, according to the number of lineal feet thereof of the several lands measured along the abutting portion at a uniform and equal rate per foot and by way of special local benefit assessment of each parcel of land in the vicinity of such work as is specially benefitted thereby as provided by Section 279 of the Town and Village Act.

AND WHEREAS the estimated lifetime of the said work is thirty (30) years.

AND WHEREAS in order to construct and complete said work it will be necessary to borrow the sum of \$32,500.00 on the credit of the said Town of Vulcan by issuing or debentures of the said Town, as herein provided, the proceeds of such debentures to be devoted exclusively to the purpose hereinbefore set forth.

AND WHEREAS it is expedient that such indebtedness shall be payable over a period of 30 years with interest not exceeding Four (4) per centum per annum in equal aggregate annual installments of principal and interest amounting to \$1,879.48 each and payable on the first day of December in each year or upon such day as may be appropriate having regard to the date of the borrowing of the money the whole of which installment shall be raised by way of special assessment.

AND WHEREAS the whole of the rateable property of the said Town of Vulcan according to the last revised assessment roll is \$721,327.00.

AND WHEREAS the whole rateable property charged with the Special Frontage Assessment, according to the last revised assessment

roll, is \$452,645.00.

AND WHEREAS the total existing indebtedness of the said Town of Vulcan, exclusive of the debt due for current expenses and exclusive also of that due for local improvements secured by special assessment is the sum of \$ Nil and no part of the principal or interest is in arrears.

AND WHEREAS the proposed construction has been approved by the Provincial Board of Health under Provisional Certificate No. 534.46.

AND WHEREAS the plans, profiles and specifications for such work have been made and prepared by Messrs. Davis, Ripley and Associates, Professional Engineers.

AND WHEREAS the notice of the Special Frontage Assessment has been given as required by Section 284 of the Town and Village Act.

NOW THEREFORE the Council of the Town of Vulcan, ENACTS AS FOLLOWS:

1. That a common sewer be constructed on the Streets and Avenues as shown in the attached Schedule marked Appendix "A" as a local improvement under the provisions of Part VIII of the Town and Village Act, and that the Mayor and Secretary-Treasurer are hereby authorized and empowered to enter into such contracts and engagements for the construction of the said work as may be necessary, subject to the same being approved by this Council by resolution.

2. The work shall be carried on and executed under the superintendence and according to the directions and orders of Messrs. Davis, Ripley & Associates, Professional Engineers.

3. That for the purpose aforesaid the sum of \$32,500.00 shall be borrowed upon the credit of the said Town of Vulcan and for the purpose of borrowing the said sum, debentures of the said Town, to the amount of \$32,500.00 shall be issued in sums not less than \$100.00 each, and such debentures shall bear interest at a rate of Four (4) per centum per annum, and shall be payable in Canadian currency at The Canadian Bank of Commerce, in Vulcan, Alberta, and the said sum shall be repayable in thirty (30) equal, aggregate annual sums of principal and interest combined, amounting to \$1,879.48, such installments of principal and interest to be payable on the first day of December in each year during the currency thereof or upon such day as may be appropriate having regard to the date of the borrowing of the money providing that interest only is to be paid in the first year of issue and the debenture issue amortized according to the plan herein set out or as may be modified by the Council.

4. Such debentures shall be signed by the Mayor and the Secretary-Treasurer of the said Town of Vulcan and the Secretary-Treasurer shall affix thereto the corporate seal of the Town.

5. The said debentures shall have attached to them coupons for the installments of principal and interest, which coupons shall bear the signature of said Mayor and Secretary-Treasurer and such signatures may be engraved or lithographed.

6. For the payment of the total cost of the said work there shall be raised annually by a special Frontage Assessment under part VIII of the Town and Village Act the sum of \$2,267.00 and is hereby imposed on all lands abutting on that portion of the street or place whereon the said work is to be made, as shown in the attached Schedule marked Appendix "A", and on all lands especially benefitting by reason of the said work and as listed in the attached Schedule marked Appendix "B" a special local benefit assessment, sufficient to cover the cost of the said work and the interest thereon, and the said special assessment shall be in addition to all other rates and taxes.

7. The said indebtedness is contracted on the credit and security of the said Town of Vulcan at large.

8. This By-law shall take effect on the date of the final passing thereof.

READ A first time and passed provisionally in Council this day of A.D. 1946.

Mayor

Secretary-Treasurer

By  
Dr. F. J. GREANEY,  
Director,  
Line Elevators Farm Service,  
Winnipeg, Manitoba.

#### A Welcome to War Veterans

This department, on behalf of the Line Elevator Companies sponsoring its work, welcomes to the great agricultural community of Western Canada, the hundreds of ex-servicemen who have already been established on farms in Manitoba, Saskatchewan and Alberta under The Veterans' Land Act. We also welcome home those members of the armed forces who have recently returned to their own farms in the Prairie Provinces. We wish you good luck and complete success in all your agricultural undertakings.

Farming is more than a business, it is a way of life. Centuries ago, Cicero, the great Roman statesman and scholar, described the vocation of agriculture in these words: "Of all occupations from which gain is secured, there is none better than agriculture, nothing more productive, nothing sweeter, nothing more worthy of a free man." No wonder so many of Canada's war veterans, the men who sacrificed so much for the cause of freedom have chosen, or are choosing, farming as their peace-time occupation.

After World War I the writer served as a Field Supervisor with the Soldier Settlement Board, and helped to establish many returned men on farms in the Olds-Innisfail district of Alberta. He has, therefore, an appreciation of the agricultural problems that confront newly-established war veterans, and would welcome enquiries at any time.

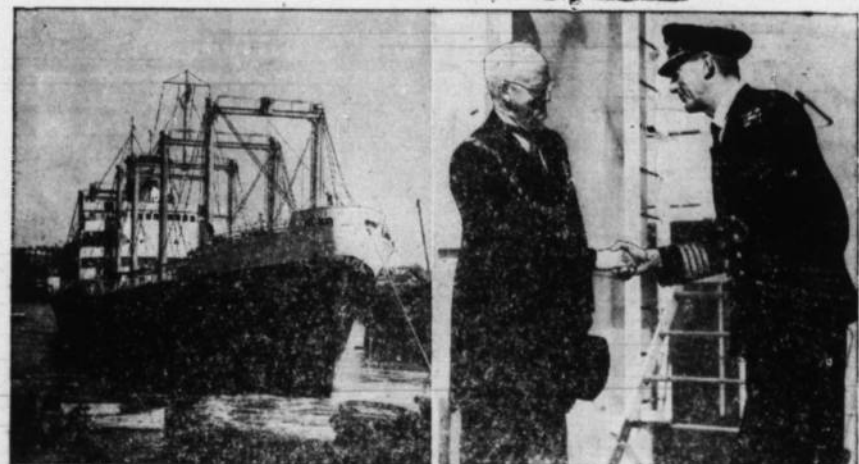

The main lines of work of this department are: (1) Consulting service, (2) Seed Laboratory service, and (3) Publications. All war veterans are welcome to these services without charge. They have only to apply to local Line Elevator agents or write to Line Elevators Farm Service, Winnipeg or Calgary.

### BASEBALL SCHEDULE

SUNDAY, JULY 7th.  
Arrowwood at Vulcan.  
Champion at Mossleigh.  
Carseland at Queenstown.

SUNDAY, JULY 14th.  
Vulcan at Arrowwood.  
Mossleigh at Carseland.  
Queenstown at Champion.

The government announcement of increased grant for the Dept. of Education sounded well in the press, but well established and fairly prosperous districts did not expect to benefit to any extent, especially when services in the north were still greatly lacking. But it certainly was not anticipated that school grants would be cut.

**BEAVER SHIPS RETURN:** Canada and the United Kingdom were linked again by the famous Beaver line when the Canadian Pacific's new cargo liner Beaverdell docked at Saint John, N.B., in March at the end of her maiden voyage from Liverpool. The turbo-electric fast freighter in making her initial crossing of the North Atlantic in less than seven and one-half days demonstrated the service which will enable her and three sister ships to replace the original five vessels of the Beaver class which were lost during the war. A fine example of the latest developments in marine design and engineering, the Beaverdell features widespread use of electrical installations. Her propelling unit is turbo-electric, in which steam generated electrical power at high voltage drives the motor which turns the propeller shaft. Electric winches also are used to speed the transfer of cargoes between ship and shore. Almost one quarter

of the huge cargo carrying space on the Beaverdell is refrigerated for safe transport of perishables. Electric fans ventilate all the holds, while "tell-tales" and long-distance recording thermometers enable the ship's officers to keep a close check on the cargoes at all times. Other peacetime uses of "war-baby" developments in use on the ship include radar, gyro-compass, and the latest radio telegraph communication sets. The new 10,000-ton vessel was given a rousing welcome upon her arrival at the busy port where she discharged 6,000 tons of cargo, some of it rubber from Singapore, and loaded Canadian farm produce—including meat, eggs and flour—for the United Kingdom. At right, Mayor J. D. McKenna of Saint John congratulates Captain B. B. Grant on the return of the Beaver line to the North Atlantic fast freight service.

### BYLAW No. 191

#### SEWER RATES BYLAW

A BYLAW of the Town of Vulcan to provide for the levying and collecting of charges for sewer services.

WHEREAS it is estimated that the cost of operating and maintenance of the proposed Sewer, and Sewerage Disposal System will be about \$5,858.53 per annum, which amount covers the annual debenture payment of \$4,337.53, together with the cost of operation and maintenance of about \$1,057.00 and a sum for depreciation reserve of \$464.00.

WHEREAS the probable revenue from the said system for each year would be about \$3,624.00 from sewer service charges and \$2,267.00 per year from "Special Frontage Assessment" and "Special Local Benefit Assessment,"

The Mayor and Council of the

Town of Vulcan pursuant to authority granted in Section 236 of the Town and Village Act (as amended by Section 4 of The Act to amend the Town and Village Act, being Chapter 40 of the Statutes of Alberta, 1944), being Chapter 150 of the Revised Statutes of Alberta, 1942, ENACTS AS FOLLOWS:

1. Every person firm or corporation being the registered owner or the purchaser entitled to possession under an agreement of sale the property which may be served directly or indirectly by a connection with the Town of Vulcan Sewerage System shall pay to the Town the sewer service charges set out hereinafter.

2. The following shall be the monthly sewer service charges to be levied, payable monthly;

For Single Family Dwellings	\$ 1.00
Plus for each additional family therein	.75
For Apartment Houses	1.00
Plus for each family unit therein	.75
For Rooming Houses (private)	1.00
Plus additional for each guest room	.50
For Stores and Offices	1.00
For Theatre and Halls	1.00
For Garages and Service Stations, each	2.00
For Pool Rooms and Recreation Halls	2.00
For Restaurants	5.00
For Barber Shops and Beauty Parlors	5.00
For Laundries	5.00
For Schools, each	10.00
For Hospitals, each	15.00
For Hotels with beer license	20.00
For Creameries	25.00

Any service not specially rated in the foregoing schedule of rates shall take a minimum basic rating of sixty (60) cents per 1,000 Imperial gallons of water used per month, with a minimum charge of \$1.00 per month.

3. The Town Council shall have the right to decide into what classification any building belongs.

4. Sewer service charges in default shall constitute debts to the Town which may be recovered by action in any court of competent jurisdiction or by distress upon and seizure of the goods and chattels of either the owner or purchaser of the property served, and sewer service charges in default shall constitute a lien upon the property served and shall be subject to the same penalties and shall be collectable in the same manner as taxes.

5. There shall, in addition to the rates set out above, be levied and collected on the several lands

abutting on that portion of the street or place whereon or wherein the sewer is to be laid according to the number of lineal feet thereof of the said several lands measured along the abutting portion, at a uniform and equal rate of ten cents per-foot per annum; provided that where several parcels of land abut on the sewer some of which appear to call for a smaller or larger proportionate levy on account of being corner lots or being of different size or shape from other parcels of land, such exceptional parcels of land may be assessed as having a smaller or larger number of feet abutting thereon than they actually have, so that each parcel of land abutting on the sewer shall bear a fair, just and equitable proportion of the cost of the sewer.

This Bylaw shall take effect on the date of the final passing thereof.

### NOTICE

The time fixed for the sitting of the council for the hearing of appeals in respect of the Local Improvement assessment shall be the 15th day of July, A.D. 1946, at 8 p.m.

Nanton Famous  
For Palominos

Fine Weather and Record Crowd  
For Nanton Stampede and  
Palomino Show. Mounted  
Quadrille Novelty Spectacle

Nanton Stampede and Palomino show held last week was a complete success from the standpoint of crowd, weather and entertainment. Nanton is the centre in Canada for Palomino horse breeding and these beautiful horses are made a big feature of the show. One of the finest events was a musical quadrille performed by 16 cowboys and cowgirls riding Palominos. This was something like an old fashioned square dance on horseback with caller-off and everything. On Friday there was a sale of Palominos, the top price being \$375 for a stallion owned by Ed. Burton of Claresholm. About 60 head were sold.

Finals in saddle bronc riding were won by Carl Olson of Ribstone, with Bob Olson of Great Falls second, Joe Keeler of Bain-tree third and Frank Voros of Hardisty fourth. The latter was injured in riding on Thursday and has been critically ill in High River hospital. He also won first in the bareback bronc riding.

First money in steer riding went to Ralph Thomson of Black Diamond. Sorenson won steer decorating in 10 3/5 seconds. Jack Streeter of Staveland won calf roping in 47 2/5 seconds on two calves; George Parnum of Browning second in 49 seconds.

Allie Streeter won the stock cutting contest with Jack Streeter second and Ed. Burton third.

On the first day's showing Gordon Aikens of High River and Louis Palmer of Vulcan were first and second in bareback bucking horse riding.

The two-day program opened with a horse show judged by Clem Gardner of Pirmee Creek. The parade of winners was led by Harold Sears, president of the Stampede, on the famous Tennessee horse.

Streeter's big Brahma steers gave the crowd a lot of thrills, as they defied handling.

Amongst winners in the horse show were Allie Streeter on stock horse; Bill Loree of Nanton on saddle horse; Mrs. J. Farries of High River won third on saddle horse.

The stallion yearling class was won by A. E. White of Nanton; John Sears, Nanton; Ed. Noad, Innisfail.

Family riding class (1) W. A. Crawford Frost; (2) L. W. McPeak (3) E. Burton.

In the first day's race track events, the 6 1/2 furlong was won by (1) Brock of Nanton; (2) A. Willard of Milo; (3) J. Higgs, Aldersyde.

Viscount Montgomery will visit Canada in August.

Stock Growers Convention  
Has Assurance of Markets  
Grazing Lease Regulations

Stockmen at 50th Annual Meeting Defeat Resolution to Remove Price Ceilings. U.S. Market Not Closed. Packing Plants

The recent meeting of the Western Stock Growers' Association marks the fiftieth anniversary of that organization.

A resolution urging an end to price controls on both ceiling and floor prices was defeated by 4 to 3.

J. Gordon Taggart said that 400,000 head had been exported to Britain in 1945. The U.S. government would take only 192,000 at the low duty rate, with an extra number at 2 1/2 cts. duty. Discussions are going on for a beef contract with Britain till 1948.

So far as Canada's understanding with the U.S. government is concerned, Canada has not forfeited its place in the U.S. market, said Mr. Taggart. He pointed out that the U.S. has called a world trade conference with the idea of reducing or eliminating trade barriers, not increasing them, so it could safely be assumed that the duty on Canadian beef would not be increased and the Canadian quota would not be lowered or dropped.

Furthermore, high UNRRA officials had told him, he said that Canadian canned beef was so popular in Europe that it would probably find a permanent market there. The price would have to be reduced, he ventured, because the quality of the meat going into the cans was not the best.

## Grazing Leases

The provincial government has assured the Western Stock Growers Association that each range lease will be inspected and its proper carrying capacity be decided before new grazing regulations become effective, Thomas Usher of Scollard, president of the association stated.

Dealing further with new grazing regulations, Mr. Usher said that the department at Edmonton had asked the association to appoint responsible men to assist the inspector in determining the capacity of the leases.

He also said that the delay in granting renewals had been solely due to a heavy volume of applications and because it was not possible to get some of the lands inspected.

Mr. Usher also dealt with the request of the provincial department of public works for rent at 25 cents per acre on all road allowances enclosed in leases. A special committee of the association had studied the situation and later had asked the provincial department of lands and mines to take these over and include them in the leases at the regular grazing rates.

A committee had called upon the government at Edmonton on this matter and an offer of ten cents per acre per year, with no previous advertising and giving the stockmen the right to include the roads in their leases, but not to stop necessary travel on them, was made.

However, no reply from the minister has yet been received to this proposal Mr. Usher said.

## Packing Plants

F. M. Baker, representing the Canadian Meat Packers' Council appealed to stockmen for a more even marketing of cattle during the year, he extremely heavy marketing in the fall, and the very light sales in summer months creates difficulty for packing house staffs, and has had its part in labor troubles. November has been a peak month in past years with June the lowest.

As packing plant staffs had been maintained to handle the peak marketings, it presented somewhat of a problem when marketings dropped to an extremely low mark

during another period of the year.

He said that the plants must by necessity have space, mechanical equipment, refrigeration machinery and cooler capacity to handle the peak loads and capacity staffs of men and women to handle the trade. When the low marketing period arrives, much of the equipment remains idle while what to do with the large staffs presented a serious problem.

Men have to be laid off during the slack periods and as this situation occurs year after year, it does not make for cordial labor relations, Mr. Baker said.

More cattle should be shipped in July and August, immediately after the grass has reached maturity, instead of holding them all until late fall. After July the protein content of grass drops rapidly and the animals make little gains.

## Strikes Unlikely in 1946

Fred Dowling, Canadian director of United Packing House Workers of America (C.I.O.) predicted that there would be no more packing house strikes this year, because of the willingness of managements to talk over a mast agreements. He hinted that new wage requests might be a 40 hour week and at least 12 to 15 cts an hour increase.

J. Gordon Taggart, chairman of the Canadian Wheat Board was present. In connection with the repeated demands for the reopening of the U.S. market to Canadian cattle, Mr. Taggart said that in 1945 the equivalent of 400,000 head of cattle was exported to Britain and Europe as against 192,000 which would have been allowed entry into the U.S. under the old low duty system.

## ARROWWOOD

On Sunday, June 16th a very successful U.F.A. Sunday was held at the river just north of Juanita Beach. A bounteous picnic dinner at two o'clock was enjoyed by people not only from Arrowwood but districts from Farrow to Berwywater. After the ladies (it was Father's day) had cleared the remains of the dinner away, Mr. M. H. Ward officially welcomed the gathering and introduced Mr. C. A. Fawcett of Consort. Mr. Fawcett is a member of the Co-op and U.F.A. Board of Directors. He gave a short address in which he stressed the importance of junior organizations and junior work in any community.

After a few brief announcements Rev. Mr. Sieber conducted the devotional service. He also gave a splendid address on "The Farmers Importance to the Nation." Mr. Seiber said that he feels the keynote of the nation's future success is "striving and co-operation to give farmers the world over, their rightful position in the nation."

The majority of the young people journeyed to Arrowwood after the services to watch the ball game between Carlsland and the home team. Score 8-2 with Arrowwood again on the slow side. Those not attending the game spent the afternoon visiting and renewing old acquaintances. The day was satisfactorily terminated by another meal. Most of those attending will agree that the picnic was a success in spite of the cool weather.

Mr. and Mrs. S. M. Burger of LaVerne, Calif., are here visiting relatives and friends.

Mr. and Mrs. Burris now have as their guest Mr. Burris' sister, Miss Evelyn of Fresno, Calif.

Young people of the district are reminded of the following summer camps sponsored by the Brethren church. Young People's camp starts on July 15, lasts for one week and is for young people 15 years of age and over.

Miss Evelyn Eckland spent a few days of her vacation in the

and Mrs. Magnuson, nee Edna Brown of Armada.

Mr. and Mrs. G. Meishler and baby son of Lebanon, Oregon, are visiting relatives and friends in the district.

Mr. and Mrs. Robert Seeley of Hussar were Sunday visitors at the home of Mrs. Seeley's parents, Mr. and Mrs. G. Riches. Mrs. Seeley remained here for a few days' visit.

The community extends a hearty welcome to Mr. and Mrs. Jim Mackie who have taken up residence in the Ingraham house here in town. Jim has just been out of the army a short time and is taking over his father's blacksmith shop, while Mrs. Mackie is just over from Scotland and is busy becoming acquainted with this country of ours.

The Ladies' Aid of the Brethren church held their regular meeting on Friday instead of Thursday of last week. After their meeting the ladies were entertained by guest speaker Mrs. Anna Shirley of La Verne, Calif., who spoke of women's place in relief work.

Widespread black marketing in Quebec has involved employees of the provincial bank in handling of coupons.

Joseph Hearn, president of the Automobile Dealers Association of Canada has a very gloomy outlook in respect to new cars available or even parts for fixing old cars. Strikes and labor troubles make things very uncertain.

In Shanghai—a Chinese government official bought a new Ford car paying \$20,000 in U.S. funds. A pre-war Buick brings \$10,000 at Shanghai.

\$2.18 For Wheat

We hear about a long term wheat agreement with Britain. We hear that \$1.55 for wheat is satisfactory to our farmers. The Searle Grain Company on the contrary believes that our farmers are entitled to the full market price, which now is \$2.18 a bushel.

SEARLE GRAIN COMPANY, LTD.

## NOTICE

THE public is required to refrain from damaging roads in the District by using such roads for heavy traffic during wet weather and moving farm machinery in such a way as to cause damage to roads.

By Order of the Council.

Municipal District of  
Vulcan No. 29

D. D. McQueen, Sec.-Treas.

British people have been told in hardest war days, bacon at low that their ration for the coming est war level, milk reduced, and winter will find meat worse than eggs about the same.

AN INDUSTRY  
Pledged  
TO THE FURTHERANCE  
OF AGRICULTURE

Founded and developed on the basis of helpfulness to the farmer, the implement industry is entirely dependent on the prosperity of agriculture for its own success.

Through the years, the implement maker has, with quality of product and genuinely helpful service, won the high regard and goodwill of the users of his product. There are few farmers who do not value sincerely the service of the implement company.

The farmer and the implement maker have mutual interests in the welfare of agriculture and its progress towards higher standards and improved methods. Working for the common cause both have contributed much to the betterment of farming in general.

In the past, new developments in equipment have enabled the farmer to do his work in less time and at less cost. Such equipment has helped the farmer offset adverse conditions such as drought and soil drifting, to combat insect pests and other types of crop destroyers, and to replace manpower in times of labour shortage. The self-binder, the tractor and power farming machines, the one-way disc and the pull-type combine, each in its time has helped the farmer in making his efforts successful and profitable.

Achievements in the past have been notable and fruitful. Setbacks from time to time delayed but did not prevent the onward march of agriculture. And the future will bring advances in farming, too.

The self-propelled combine, perfected by Massey-Harris prior to the war, has opened up new fields of possibilities in implement engineering, and other new machine developments assure that, in his efforts to further improve agriculture, there will be available to the farmer equipment that will offer greater advantages in saving time, labour and expense. Massey-Harris is proud of its long association with the farmers of Canada in promoting the welfare of agriculture.

## Little Change in Injured Cowboy

There is little change in the condition of Frank Voros, the cowboy from Hardisty, who is a patient in High River hospital with injuries suffered at the Nanton Stampede on Thursday. Reports are that he is still unconscious and in critical condition. Dr. H. W. Soby is attending him, and his injuries include fractured skull and contusion of the brain. The young man put up some very fine rides at the Nanton Stampede, winning first in bareback and fourth in another rodeo event. He was riding a bucking steer which fell on him, and he was rushed by Snodgrass ambulance to the local hospital.

## NEWS OF INTEREST

There are 34,000 registered unemployed in the three prairie provinces with 17,000 unfilled jobs, mostly for heavy labor such as railway maintenance and miners.

The 12 hospital patients injured in the Fort Frances, Ontario, twister last week are all making recovery.

An aftermath of the earthquake off Vancouver Island last week has been a search for whales killed by the concussion. Five were sighted.

Under average conditions, according to Dep't of Agriculture, it takes 450 lbs. of grain to produce 100 lbs. of live hog. A 200 lb. hog takes 900 lbs. of grain.
